The Future of Manufacturing Technology on Display

McCormick Place, Chicago, Illinois, USA
IMTS.com/intl
The Largest Manufacturing Technology Fair in North America

IMTS – The International Manufacturing Technology Show is ranked among the largest trade shows in the world. Recognized as one of the preeminent stages for introducing and selling manufacturing equipment and technology, IMTS is held bi-annually at McCormick Place in Chicago, Illinois, USA, the largest trade fair and convention center in North America.

More than 2,000 Exhibitors Showcasing the Latest Technology

Exhibitors from the metalworking industry will display their products and productivity solutions at IMTS 2016 sharing an exhibition area of more than 100,000 sqm, with more than 30 countries represented.

International Meeting Point

More than 114,000 visitors from all over the world, from every level of industry and from more than 112 countries, including many of your competitors, will attend IMTS to get ideas and find answers to their manufacturing problems. Come and see the latest technology demonstrated and choose the best for your needs. It’s an excellent opportunity to make new contacts and broaden your network.

Six Days of Innovation

For 6 days, IMTS will become the hub of the manufacturing technology industry. Industry decision makers from around the world will share their experience and knowledge, presenting innovative products and ideas that can efficiently boost your business. IMTS is the world’s leading trade show for manufacturing equipment showcasing more than 15,000 products. You are invited to look, be amazed, to gather information, to learn, and to network.

* Visitor Survey 2014
The Entire World of Manufacturing Technology on Display

At IMTS you will find everything you need. For visitor ease, IMTS is organized into 10 Pavilions featuring the latest technology and innovative solutions:

- **Abrasive Machining / Sawing / Finishing**
- **Metal Cutting**
- **Controls and CAD-CAM**
- **Fabricating / Laser**
- **EDM**
- **Quality Assurance**
- **Gear Generation**
- **Tooling & Workholding Systems**
- **Machine Components / Cleaning / Environmental**
- **Additive Manufacturing**

### 5 Co-located shows

Brought to IMTS by Hannover Fairs, USA. Engage with a complete range of manufacturing technology solutions:

- Industrial Automation North America
- Motion, Drive & Automation North America
- Surface Technology North America
- ComVac North America
- Industrial Supply North America

IMTS Brings you the Future of Manufacturing Technology

This is your chance to see the world of technology all in one place. Experience the latest developments and new features, including AMT’s Emerging Technology Center. Featuring more than 2,000 exhibitors, covering more than 100,000 square meters, IMTS will provide you with a large selection of state-of-the-art equipment, products and services.

- Interact with leading manufacturing equipment producers from more than 30 countries
- Compare technology side-by-side all in one place, all at one-time
- Build global and professional relationships
- Establish and benefit from trade and economic cooperation

IMTS makes it easy for international visitors. You can visit the International Lounge for easy Web connections, or take advantage of the information booths from machine tool associations around the world.

Other Highlights

Other points of interest at IMTS will include the MMS Top Shops Showcase where leading manufacturers will demonstrate new technologies and the Today’s Technology Center, where current trends in the medical, aerospace, energy and automotive industries will be featured. A “must-see” is AMT’s Emerging Technology Center, a platform for innovations, displaying additive, automation and digital factories trends.

Industry Focus

- Aerospace Industry
- Automotive Industry
- Machine Shop Industry
- Medical Industry
- Power Gen / Green Industry
Chicago Attractions

Chicago is more than just the third largest city in the United States. Besides its striking downtown, which includes some of the tallest buildings in the world, Chicago has a distinctive coastline and hundreds of vibrant parks.

In Chicago you will find incredible shopping on The Magnificent Mile, a Michelin-rated dining scene and exciting nightlife. The city also vaunts more than 60 museums and five regional Tony Award-winning theaters.

Attraction includes stepping out onto The Ledge at Skydeck Chicago. Dare to Stand Out on the 103rd floor, with never before seen views. The 1,353 feet straight down, with a glass boxes extending 4.3 feet out from the Skydeck.

Situated squarely in the center of the country and equipped with two major, international airports, getting to Chicago is easy.

IMTS – International Center and Lounge

The International Center will be located in the West Building of McCormick Place on levels 3 and 4. On level 4 you will find the International Lounge, Room W475 (open to all international visitors), where you can relax, have some refreshments and schedule small meetings. Should you need assistance on internationally related topics please stop by the AMT Global Services Group.
